

**RIVER ROUGE PUBLIC LIBRARY
THEFT OF MATERIALS AND VANDALISM**

To protect the investment in library materials made by taxpayers, as patrons leave the library, staff may conduct random examinations of bookbags, backpacks, briefcases, and other large containers brought into the library.

If staff believes with reasonable cause that theft was intended the patron will be detained and the police will be immediately notified. Vandalism of the library or library materials will also be reported to the police.

Commission approved May 25, 2004
